JOB APPLIED FOR POSITION: **GRAPHIC DESIGNER**

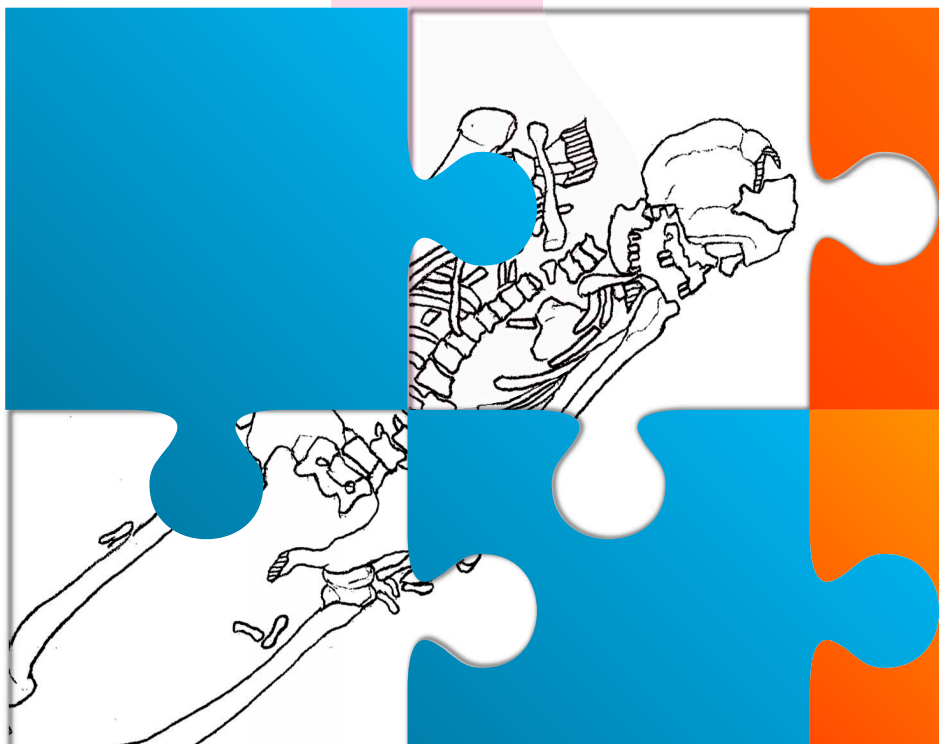

...from november 2007 I am employed in
Topographic Institute Banska Bystrica of
Ministry of Defence of the Slovak Republic
as a „specialist“

In my present position I am responsible for
the output map database,
digital and cartography model creation,
editorial work on upgrades of topographical maps
and for the print output of maps,
(DTP) & other preparational and editorial work...

between 2007/04 - 2009/12

I was employed as self-employee graphic designer for
Terra Antiqua s.r.o.,
I participated on graphic
and drawing works
for a company dealing with the implementation
of archaeological research
